Northern Arizona AWHONN
1st Annual Conference
Friday, August 17, 2012
12:30pm – 4:00pm

Care of the Preterm Labor Patient and their Newborn

Summary of program and objectives
Participants will be able to:
1) Describe management of preterm labor in L/D and Antenatal units including fetal monitoring, delivery, and recovery.
2) Verbalize management of preterm/late preterm infant.
3) Describe pregnancy/postpartum anxiety & mood disorders
4) Describe legal and documentation issues with management of preterm patients and their newborns.

Agenda Details
This innovative 3.5 CE hour presentation will use an evidence-based case-study approach to outline the care and documentation related to a pre-term labor patient and her newborn from antenatal presentation through postpartum and neonatal care.

Registration (includes lunch)
APT conference participants & AWHONN members $40.00
Non-APT conference participants and non-AWHONN members $50.00

Send Registration Form to Cindy Beckett-Director Evidence-Based Practice, Flagstaff Medical Center, 1200 North Beaver Flagstaff, AZ 86001. For more information contact cindybeckett@hotmail.com
